** Average Gross Player Earnings (AGPE)

The AGPE is a result of the payments (GPP plus ASAs) made to primary-listed and pre-season nominated rookies only (grouped as "Primary Listed"). Played figure is the AGPE for those primary-listed players who played games divided by number of primary-listed players who played. Listed figure is the AGPE divided by the number of primary-listed players. 2011 saw the introduction of the AFL's 17th club, the Gold Coast Suns.
